FRIDAY, JULY 7, 1899

ALREADY fall plowing has commenced in Woods county.

SEVEN colonels already appointed by the president and "nary" a one from Oklahoma.

LESLIE, in Woods county, is a new postmaster, and J. A. Mitchell is the postmaster.

THE treasurer of Cleveland county has already collected \$66,000 of the \$77,000 taxes due for 1898.

THE Hornet is a new venture to business in the town of Wankom with Bert Campbell to furnish the electric light.

THE best thing the broken fragments of the Republican party in this territory can do is to go on a long snail like Tom Reed.

A REMOTION trust could easily be organized out of the Republican faction in Oklahoma, but the combustible material would not be safe to handle.

THE Day County Tribune is worrying with the problem of how to make one single semi-column do the work of punctuation, so as not to offend the exactions of its critics.

SINCE President McKinley has given it out that he is running the whole war in the Philippines himself, no further explanation of the deplorable condition of the situation in the Orient is necessary.

GOV. BARNES is not a fair or loyal partisan if he is not willing to sacrifice his present position and reputation to gratify Flynn's desire. Gov. Barnes ought to plead guilty to something—Day County Tribune.

THE Wichita Eagle says there is natural gas in Oklahoma if it could only be found. Some of the territorial officials are under the impression that it has already been found, but the quality is not satisfactory.

It is said that Doc Ashby, who killed Charley Griffith at Weatherford recently, was not drunk at all, but was simply attacked by the mania to kill somebody, and Charley Griffith was the first one he met after this idea got into his head.

THE Republicans point with exultation to the prosperity of the country as represented by the trusts and monopolies, but are as silent as a burrowing mole about the low prices of labor and the products of the farm. They have no taste to refer to the cause which advanced the price of barbed wire from \$2.25 to \$3.50 within a few months after the wire trust was organized.

MR. N. O. NELSON, of St. Louis, as presiding officer of the National Social and Political Conference, refused to proceed with the business of the convention at Buffalo, N. Y., until a resolution which had been introduced demanding that our troops in the Philippines be recalled, was withdrawn from before the convention. Mr. Nelson is a Democrat and is a brother in law of the Democratic governor of Missouri.

Spanish Prisoners

Manila, July 7—A. M.—The Spanish commissioners who went to Manila for a conference with Aguinaldo regarding the surrender of the Spanish prisoners in the hands of the Filipinos, returned here last night.

Chairman Datto of the commission, had been practically arranged for, but it would be necessary to consult the Spanish government before the agreement could be ratified. He declined to give the terms of the arrangement or to say whether those contemplated a ransom. He asserted, however, that Aguinaldo had already issued a decree for the release of the civilian and the sick soldiers.

The commissioners, with the remnant of the Spanish garrison of Balic, on the east coast of Luzon and a number of civilian prisoners, were escorted by Filipino soldiers from Manila to the American outposts at San Fernando and came to Manila by the night train.

The heroes of the long defense of Balic where the Spaniards resisted an insurgent force for more than a year, formed a picturesque band. Lieutenant Martin, the sole surviving officer, marched them through the streets. There are only 25 and most of them are mere boys. In faded blue cotton uniforms and red shirts they are bareheaded.

A crowd of Spanish men and women embraced them, weeping and shouting their praises. They tell a remarkable story. It appears that the captain several times proposed to surrender but the soldiers refused. Finally some months ago he tried to take a white girl, Therese, Lieutenant Martin killed him with his own sword. Their food supply gave out entirely a week ago and they surrendered to the Filipinos with all the honors of war. They were allowed to keep their arms and their money and were carrying some, though several percent camps, everywhere being cheered and feted.

GENERAL RULES

Prescribed for Enlisting in the New Regiments.

Washington, July 6.—The order for the enlistment of ten new regiments of infantry was issued today by the secretary of war. It is as follows:

War department Washington, July 6, 1899.

By the direction of the president, the following general rules are prescribed for recruiting as provided for by the acts of congress, approved March 2, 1898, published in General Orders No. 36 of 1898, headquarters of the army, adjutant general's office, and for organizing the same into regiments:

The strength of regiments, officers and enlisted men will be as provided for by sections 4 and 11 of the act of congress approved March 2, 1898. The regiments to be organized in the United States will be Twenty-fifth, Twenty-seventh, Twenty-eighth, Twentieth, Thirtieth, Thirty-first, Thirty-second, Thirty-third, Thirty-fourth, and Thirty-fifth regiments of infantry, United States volunteers.

Of the commissioned officers to be appointed for each of these regiments the field and staff officers, including medical officers and captains of companies, will be assembled at regimental rendezvous as hereafter designated for the purpose of practical instruction in organization, military administration, drill regulations, discipline, hygiene, camp sanitation, etc. Daily instructions in the care and assembly of parts of the rifle and target exercise will be a special feature of instruction of both officers and men.

Applicants for commissions except officers of the regular army will be required to pass a satisfactory examination as to age, moral, mental and physical capacity to command troops and must have had service during the Spanish-American war.

The recruiting service of the regular army will be charged with recruiting from the country at large, men for service in these volunteer regiments whose enlistments would be made for the period ending June 30, 1901, unless sooner discharge and without restrictions as to citizenship or educational qualifications, but in all other respects under the same rules and regulations as are prescribed for recruiting the regular service. Except in special cases only unmarried men will be enlisted for these regiments.

In view of the probable severe service of these regiments and the climatic conditions to which they may be subjected the physical qualifications of both officers and enlisted men is of great importance. Only those fully qualified will be appointed and enlisted.

The lieutenant and two of the medical officers of each regiment will, as far as practicable, be assigned to duty as assistants to recruiting officers of the regular army.

Upon arrival of recruits at the regimental rendezvous the commanding officers of regiments will assign them to companies, and the appointment and instruction of regimental and battalion non-commissioned officers and other enlisted grades will be governed by the law and army regulations.

Each recruiting and supply be subject to the orders of the commanding general of the department in which the rendezvous is located and the regimental commander will report by telegraph to the adjutant general of the department of the arrival of the regimental rendezvous. The regiments of infantry, United States volunteers will be organized as follows:

Twenty-sixth at Plattburgh Barracks, New York; Twenty-seventh at Camp Meade, Penn.; Twenty-eighth at Fort Meade, Penn.; Twenty-ninth at Fort Sherman, Ga.; Thirtieth at Fort Sherman, Ky.; Thirty-first at Fort Leavenworth, Kan.; Thirty-second at Fort San Houston, Tex.; Thirty-third at Fort Logan, Colo.; Thirty-fourth at Vancouver Barracks, Wash.; Thirty-fifth at Fort Leavenworth, Kan.

The regiments will be organized according to the provisions of the act of March 2, 1898, and will consist of fifty officers and 1,200 enlisted men each.

Among the districts for recruiting designated regiments are the following:

Twenty-ninth regiment, Fort McPherson, S. D.; South Carolina, Georgia, Florida, Alabama, Mississippi and Louisiana.

Thirtieth regiment, Fort Sheridan, Ill.; Illinois, Michigan and Wisconsin.

Thirty-first regiment, Fort Thomas, Ky.; Kentucky, Ohio, Indiana and Tennessee.

Thirty-second regiment, Fort Leavenworth, Kan.; Iowa, Nebraska, Kansas, Missouri, Arkansas, Oklahoma and Indian Territory.

Thirty-third regiment, Fort San Houston, Texas; state of Texas.

Thirty-fourth regiment, Fort Logan, Colo.; Colorado, Wyoming, Utah, Minnesota, North Dakota, South Dakota, and Montana and Nebraska and New Mexico.

Thirty-fifth regiment, Vancouver Barracks, Washington, California, Nevada, Oregon, Washington, Idaho and Alaska.

The term of service will be for the period ending June 30, 1901.

COLONELS AND MAJORS

Washington, July 6.—The order for the enlistment of volunteers for the service in the Philippines was published today and seven more colonels to command the regiments were appointed. There are yet two colonels to be designated. Eight majors also were named. The recruiting will not begin until some time next week, the exact date not having been fixed yet, and stations will be open in every state and territory, as far as the men are enlisted they will be sent to the regiments to be assigned to companies. State lines are obliterated and the men first enlisted will be first to be mustered by the adjutant general and he will be by officers commanding and he will be by officers commanding and he will be by officers commanding.

The organization of the ten regiments in this country will not make any difference in the organization of regiments in the Philippines. The regiments will be in addition to the regiments to be known as the 25th and 30th inclusive and will be numbered, 25th upward. It is expected that three regiments will be organized in the Philippines. The regiments in the United States and the Philippines will increase the strength of the army to 17,000 men, if the army of 10,000 men is maintained by General Otis.

The colonels appointed today are under orders to proceed at once with the organization of the regiments. Some of the officers are now in the city and have been consulting the different bureau officers with regard to equipment and supplies for the men as they join the regiments.

Burlington Passenger

Train Wrecked

Leavenworth, Kan., July 6.—The Burlington passenger train due in this city from Kansas City at 9:45 p. m. tonight was wrecked near Waldrop, Mo., and a serious wreck. The train was a regular passenger train to the scene of the catastrophe as soon as notified and another was dispatched from St. Joseph. On the train from this point Mrs. McKee and her family were sent to the wreck and help that could be used. The wreck is said to have been caused by the washout of a

bridge over a small stream near Waldrop. The train was coming north and is supposed to have run into the stream at full speed. The Burlington officials are using every effort to secure news of the wreck but no details have been learned.

The fireman's name was Charles Welly of St. Joseph.

Story of Real Life

from Ponca City.

Ponca City, O. T., July 6.—The Courier says that a romance in real life, which was it put in Queen's English and printed in story book form, would rank with the best of Jean Howell's or Stanley Weyman's creations in fiction, came to reportorial ears last evening. This is the way that the story runs: Some six months ago a certain married couple whose names would be unfamiliar to Ponca City people even should we give them were living happily together at a prominent little town in Kansas, not a hundred miles from Pittsburg. They had fared reasonably well so far as worldly accumulations went, and had been blessed in married life by one child, a sweet little daughter now about two years old.

A matter of say three months ago, the young husband, who was in business, had an unlucky streak and the business, which had been hitherto successful, proved a failure. Things did not go well with them. With it not poverty, at least a spell of hard times starting them in the face the young wife became morose and reluctant. At last she picked up her trunk and quitted her husband and child, coming to Ponca City for some reason to her best known, and since that time she has been a resident of this city, known, so rumor has it, best among those who walk not the narrow path of rectitude.

About eleven weeks ago the young husband located his young wife in this city and he came here from the little Kansas town, bringing the sweet little two-year old girl with him, and finding the wife and mother here, made every proposition to a fond husband's category to induce her to go back with him and make a home again for him and the baby daughter. Words were in vain the woman would not go, and he finally left without her. A couple of months ago the man went to Colorado and there found a good situation at a good salary, a position that he is now holding. He hired some one out there to care for the little girl but it seems some spirit of dissatisfaction and love's old unrest caused him to pack up his grip and start for Ponca City again bringing the little girl with him.

The reporter ran across him last night just as he stepped off the train and in the conversation the young husband stated that he had come after his wife, that he wanted her to make a home for him and the little child, that he was on the high road to prosperity again, and had a good job out in Colorado, was doing a little prospecting for himself on the side, and he exhibited some specimen of ore he had dug out of his new mine, located claims which, at least, were very promising. He intended to get his wife this trip or get satisfaction. He carried a six shooter of a calibre according to Hight and strongly intimated that he might use it if necessary case.

The Cruel Knife!

It is absolutely useless to expect a surgical operation to cure cancer, or any other blood disease. The cruelty of such treatment is illustrated in the alarming number of deaths which result from it. The disease is in the blood, and hence can not be cut out. Nine times out of ten the surgeon's knife only hastens death.

My son had a most malignant cancer, for which the doctors said an operation was the only hope. The operation was a failure, as it was necessary to cut down to the jaw bone and scrape it. Before the cancer returned, and began to grow rapidly. We gave him many remedies without result, and finally, upon the advice of a friend, decided to try S. S. S. (Swift's Specific), and the second bottle he took the cancer had been taken. The cancer disappeared entirely and he was cured. The cure was a permanent one for he is now seven years old, and never had a sign of the dreadful disease to return.

275 Snodgrass St., Dallas, Texas.

Absolutely the only hope for Cancer is Swift's Specific.

S.S.S. The Blood

as it is the only remedy which goes to the very bottom of the blood and forces out every trace of the disease. S. S. S. is guaranteed purely vegetable, and contains no potash, mercury, or other mineral.

Books on Cancer will be mailed free to any address by the Swift Specific Co., Atlanta, Ga.

Cheap Tickets To California

Will be sold in late June and early July by the SANTA FE ROUTE at the time of the N. E. A. Convention in Los Angeles. Liberal stop-over and choice of return routes.

Particulars on application. The SANTA FE ROUTE is many hours shorter than any other.

NOW! How Shall You Spend the Summer?

A trip abroad would be a delightful scheme, perhaps, if you can afford it. But there are thousands—many millions—of young people who can't afford it—have neither the time nor the money to spare. Maybe you are one of them.

Shall you loaf or shall you work?

The best work a young person can possibly engage in is work of preparation for the earnest responsibilities of life. Why not make that your special work this summer? It will blaze the way to success, increase your earning capacity and pay you rich dividends all your days.

If you are in earnest, if you have a wholesome ambition to do something, there is a place for you at the Capital City Business College and a way to get there.

This school is in session throughout the entire summer. Students are enrolled at any time. Tuition from \$50 to \$250 per week, but a complete scholarship is only \$40. Write at once for particulars to
